

FOCUS 2 is a self-paced, online career and education planning tool for use by college students. It will enable you to self-assess your career relevant personal qualities and explore career fields and major areas of study that are most compatible with your assessment results. Students who use FOCUS make better decisions about their goals and plans and learn how to self-manage their careers.

Career Decision Making With the FOCUS 2 System

Choose Your Major Area of Study

The FOCUS 2 system enables you to identify occupations that best match your personal attributes and the major / education requirements for those occupations. You should review the occupations that most appeal to you as potential career goals paying particular attention to the education programs, degrees required, courses, skills, requirements and certification needed to prepare you to work in those occupations. This information will help you choose the major area of study that best supports your career goals.

Verify Your Preferences or Early Choice of a Career Field

It's best to verify or validate your early decisions about your career goals and study programs so that you do not overlook career options that are compatible with your personal attributes. You are a multi-potential person and undoubtedly have talents, interests, values, personality and skills that qualify you for a wide range of occupations. Be sure of your choice by completing all the FOCUS 2 assessments in the Main Menu so you can discover all the occupations and career fields that match your assessment profiles. Once you have broadened your career horizons you can narrow down your options by comparing the critical features of the occupations that appeal to you. This process will assure that you have made the best possible choice.
